Inherited shape-support rule: missing prior covariance, not a bad-identity diagnosis
Phase, shared radio, source constants and measurement uncertainty remain
33 / 89 active scan-family instances lack shape prior
Three-mode prior present
No shape-mode prior
Active family instances (counted separately per scan)
10/23 lack modes
6/19 lack modes
8/21 lack modes
9/26 lack modes
